Sir:

It is respectfully requested that the above-captioned application be accorded a filing date of **August 28, 2003**, rather than the current filing date of September 3, 2003.

Indeed, the present application was filed in the United States Patent and Trademark Office (USPTO) on August 28, 2003 and consisted of 32 pages of specification, 18 claims, five sheets of drawings, an Application Data Sheet, an executed declaration and an abstract, all as evidenced by the accompanying postcard receipt (Exhibit A), which properly itemizes the above-mentioned items.

For some unknown reason, the USPTO accorded a filing date of September 3, 2003 for the above-captioned application Serial No. 10/653,358.

Section 503 of the Manual of Patent Examining Procedure clearly states that a postcard receipt which itemizes and properly identifies the papers which are being filed serves as *prima facie* evidence of receipt in the United States Patent and Trademark Office of all the items listed thereon on the date stamped thereon by the USPTO.

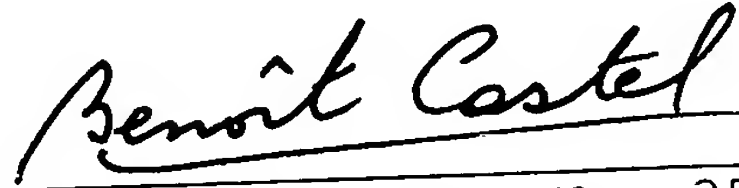

A careful review of the above-mentioned postcard receipt (Exhibit A), which contains all the necessary identifying data, such as the inventor's name and title, will reveal that all the original application papers were filed on **August 28, 2003** as evidenced by the USPTO OIPE date stamp thereon.

Accordingly, in view of the above facts, it is respectfully requested that this application (Serial No. 10/653,358), be accorded the original filing date of August 28, 2003 pursuant to 37 CFR 1.181. It is further requested that all

of the USPTO data records be amended to reflect the correct
filing date of August 28, 2003 for the present application.

Respectfully submitted,
